THE COLLEGE

STATEMENT OF BELIEF

Nazarene Bible College, an institution of the Church of the Nazarene, teaches and adheres to the statement of belief as found in the *Manual* of the Church of the Nazarene.

We believe:

In one God – the Father, Son, and Holy Spirit.

That the Old and New Testament Scriptures, given by plenary inspiration, contain all truth necessary to faith and Christian living.

That man is born with a fallen nature and is, therefore, inclined to evil, and that continually.

That the finally impenitent are hopelessly and eternally lost.

That the atonement through Jesus Christ is for the whole human race; and that whosoever repents and believes on the Lord Jesus Christ is justified and regenerated and saved from the dominion of sin.

That believers are to be sanctified wholly, subsequent to regeneration, through faith in the Lord Jesus Christ.

That the Holy Spirit bears witness to the new birth, and also to the entire sanctification of believers.

That our Lord will return, the dead will be raised, and the final judgment will take place.

HISTORY

The General Assembly of the Church of the Nazarene, in session at Portland, Oregon, in June 1964, authorized the opening of Nazarene Bible College during the following quadrennium. A board of trustees was elected, and Dr. Charles H. Strickland was chosen as the first president. To serve a nation-wide church, Colorado Springs, Colorado was chosen as the site for the college.

The college opened in September 1967 in facilities provided by First Church of the Nazarene. New buildings at the permanent location were occupied by the end of the first school year, and the new campus was dedicated in October of 1968. Dr. L. S. Oliver, chosen in 1972 to succeed Dr. Strickland as president, served until 1984 when Dr. Jerry D. Lambert was elected. In 1994, Dr. Hiram E. Sanders was elected fourth president of Nazarene Bible College and served until his retirement in 2006. Dr. Harold B. Graves Jr. was elected and assumed his position as fifth president of the college in 2006.

PURPOSE

Nazarene Bible College exists to glorify Jesus Christ as Lord by preparing adults to evangelize, disciple, and minister to the world.

MISSION

Nazarene Bible College is an undergraduate, professional school of Christian ministry committed to academic and practical programs designed to educate students for service and leadership in a diverse world.

DEPARTMENT OF DEFENSE VOLUNTARY EDUCATION PARTNERSHIP

Nazarene Bible College is a participant in the Department of Defense Voluntary Education Partnership. As a participating member of this DOD partnership, NBC provides access to quality postsecondary education opportunities as a strategic investment that enhances the U.S. Service member's ability to support mission accomplishment and successfully return to civilian life. Making these postsecondary programs available to the military community as a whole further provides service members, their eligible adult family members, DOD civilian employees, and military retirees ways to advance their personal education and career aspirations and prepares them for future career and technical pursuits, both inside and outside of the Department of Defense, NBC ensures that military students share in appropriately accredited postsecondary educational opportunities available to other citizens. Flexibility of programs and procedures, particularly in admissions, counseling, credit transfer, course articulations, recognition of non-traditional learning experiences, scheduling, course format, and residency requirements are provided to enhance access of servicemembers and their family members to higher education program.

RE-ADMISSION AND ENROLLMENT

NBC students who have not been enrolled in any courses for at least one full academic year must re-apply for admission to the college. An academic year begins with the Fall term of one calendar year and ends with the Summer term of the next calendar year. For example, a student who last enrolled in a course in Spring 2014 would have to reapply for admission effective Fall 2015.

The following items will be required:

- 1. A current application.
- Official transcripts from any college attended since last at NBC.
- Students must have any "holds" removed before they will be re-admitted to NBC.

TRANSFER CREDITS

Transfer credit is accepted from accredited institutions of higher learning for subjects appropriate to the curricula of NBC programs. All applicants who have attended other colleges or universities are required to have all official transcripts mailed directly by the issuing school(s) to the NBC admissions office. In addition to the transcript, it is sometimes necessary to provide a catalog, course description, or other documentation from the former college or university to help determine the content and applicability of a class. The registrar will evaluate the transcript and award applicable transfer credit(s). Note: Transcript evaluations will not be completed until application has been made to NBC and all transcripts received. Credit will only be considered for "C" grades or above. The grades earned for courses transferred from other institutions will not be counted toward a student's cumulative GPA at Nazarene Bible College.

Elective courses are courses supplemental to those required for the completion of a degree program. Elective courses can be courses from NBC's General Education core, Bible and Theology core, Advantage core, the college's major and minor programs, or comparable courses transferred from accredited institutions. Career and technical courses from accredited institutions may be applicable as electives for some of NBC's degree programs.

Nazarene Bible will accept up to 75% of the transferable courses required to complete a bachelor's degree at NBC, subject to approval by the program directors for program specific courses.

Nazarene Bible College does not accept credits from the denomination's Directed Studies Program (Home Course of Study), the Modular Course of Study, or Christian Service Training courses.

PRIOR LEARNING ASSESSMENT CREDIT

Prior Learning Assessment (PLA) refers to a unique opportunity for the student to earn college credit for learning experiences that have taken place in the work environment, volunteer setting, and/or other events that have significantly improved the student's knowledge and skills. The college recognizes that learning takes place throughout life and that college level learning is not limited to the institutions of higher education or to classroom settings.

All elements of prior learning assessment will follow the Council for Adult and Experiential Learning (CAEL) standards and will be considered under the following categories.

Examination: Credit may be awarded for learning demonstrated by examination
for subjects appropriate to the curricula of NBC programs. The Academic
Council has approved the granting of credit based upon national standardized
examination programs, namely, the College Level Examination Program (CLEP),
the Advanced Placement (AP) program, or the DSST or Defense Activity for
Non-Traditional Education Support (DANTES) exams.

2. ACE/Military: Credit may be awarded for professional or military education and training programs for subjects appropriate to the curricula of NBC programs. Evaluation will be based on the recommendations of the American Council of Education (ACE) Guide to the Evaluation of Educational Experiences in the Armed Services or an official transcript of the various armed forces (i.e., AARTS, SMART, College of the Air Force, and the Coast Guard Institute). This credit would include military experience and training through the work place.

3. Portfolio:

- a. Academic Work: Credit may be awarded for college-level studies validated by evaluation of a Student Academic Portfolio, which is comprised of all the course materials and work a student has completed in conjunction with a course. Such a portfolio is typically used to substantiate the transferability of work completed at a District Training Center or non-accredited institutions. For credit to be awarded through a Student Academic Portfolio, a student should present his/her portfolio for evaluation at the time of his/her application to the college. Credit may be awarded after one trimester of successful enrollment at Nazarene Bible College.
- b. Experiential Learning: Experiential learning refers to college level learning that occurs outside of formal educational institutions and processes. An example of experiential learning would be on-the-job training. Students may petition to receive credit for such learning by submitting an *Experiential Learning Portfolio*. In this process, students will meet with the portfolio advisor to identify areas of significant experiential learning and to match this learning to a college level course from an accredited institution. Then, in the portfolio, students will describe how their experience has met the learning outcomes of the course, and they will provide specific articles of evidence as proof of their learning. A rigorous evaluation of the portfolio will be completed by a content specialist to determine if the learning outcomes of the course have been met.

The following governs transfer and Prior Learning Assessment credit:

- 1. A minimum of 10 semester hours must be earned through an accredited college classroom experience.
- A maximum of 30 semester hours may be earned through a recognized testing service.
- 3. For non-military personnel, a maximum of 30 semester hours may be earned through ACE.
- 4. Active service members may transfer in up to 75% of the semester hours required in their degree program using military transcripted credit.
- A maximum of 72 semester hours may be posted from a student's academic portfolio completed at a District Training Center (see Alliance section). Credit may be awarded after one trimester of successful enrollment at Nazarene Bible College.
- 6. A maximum of 16 semester hours may be earned through the experiential learning portfolio submission.

A fee is required for posting examination, military, and portfolio credit on the college transcript except in the case where an official military transcript is provided. See

the Financial Information section for amounts. For more information, contact the registrar's office.

Please contact the Office of Admissions for additional information about earning college credit for prior learning experiences (800-873-3873 x5060).

NEW STUDENT TESTING

A Bible knowledge and content test is administered as a baseline for assessment of subsequent learning. In addition, several inventories are required of students during the enrollment/orientation process.

ENGLISH PROFICIENCY

Proficient use of the English language is essential for Christians in professional career assignments; therefore, Nazarene Bible College requires two courses in English composition. The college requires all students to complete the ETS ACCUPLACER English Placement test to determine the student's entry point in the sequence of English courses and provide effective advising.

- Students who score a 95 or above on the ETS ACCUPLACER test will begin their English sequence with ENG–1013English Composition I.
- Students scoring between 70 and 94 will begin their English sequence with ENG-0133–Basic English Skills III. A student must either earn a grade of 'B' or above in Basic English Skills III, or score a 95 or above on a retake of the ETS ACCUPLACER test to proceed to English Composition I.
- Students who score a 69 or below on the ETS ACCUPLACER test begin their English sequence with ENG-0113—Basic English Skills I. Upon successfully passing Basic English Skills I, the student will enter ENG-0123—Basic English Skills II. A student must either earn a grade of 'B' or above in Basic English Skills II, or score a 95 or above on a retake of the ETS ACCUPLACER test to proceed to English Composition I.
- If a student does not earn a grade of 'B' or above in either Basic English Skills
 II or Basic English Skills III, and does not score at least a 95 on the retake
 of the ETS ACCUPLACER test, the student will be enrolled in the course
 determined by their new ETS ACCUPLACER test score.
- Credits earned for Basic English Skills courses are not included in the minimum credit hours required for any degree.

For admission to the college, any student who has not graduated from an English-speaking high school is required to pass the Test of English as Foreign Language (TOEFL) with a score of at least 80 on the Internet-based test (iBT) and 500 on the paper-based test (PBT). This test is given in most world population centers. A student at Nazarene Bible College must show a proficiency in understanding and using correct English to be able to satisfactorily complete the basic curriculum in English. Such students are still subject to English placement requirements. NBC's Designation Institution Code is 0476.

MATH PROFICIENCY

Students entering a degree program who do not receive transfer credit for a college level math course must take the college's Math Placement Test. Students earning a score below 40 will be enrolled in a math tutorial class or Basic Math Skills. Credit for Basic Math Skills is not included in the minimum credit hours required for any degree. Successful completion of the Basic Math course or a score of 40 or above on the placement test will enable a student to take General Mathematics for credit.

SPECIAL NEEDS ACCOMMODATION

Students who wish to make Nazarene Bible College aware of any accommodation concerns should notify the Office of Student Advocacy. The student would be expected to supply the college with a statement from an authorized expert specifying the disability and a statement from a qualified expert specifying what special accommodations the student would need to accomplish the academic requirements of the college. Additional information is available from the Office of Student Advocacy.

Stop-outs and Re-acceptance

Students accepted to the clinical year become a cohort, begin in the fall, and are expected to continue through completion of the Christian Counseling clinical program at the end of the following summer. Any student desiring to stop-out of the clinical year must ask consent of the counseling faculty in writing, giving reasons for the request. If, in the judgment of the faculty, a stop-out is granted, the faculty will advise the student of any corrective and therapeutic measures to take that will enable her or him to have an opportunity for reconsideration for acceptance to the following

clinical year. In order for the student to be reconsidered for acceptance into a later cohort, he or she must petition the counseling faculty and the Academic Council in writing, addressing the issues raised by the faculty and demonstrating ability to finish the clinical year. If accepted, he or she would be expected to complete the remainder of the 32 hours. A stop-out will be for no more than one academic year, and only one stop-out will be granted per student.

Acceptance to Internship Placement

During the spring trimester of the clinical year, the counseling faculty will review each student's progress prior to approval for placement in a summer internship. Internship placements will depend upon satisfactory completion of coursework, positive contributions to group process, and personal readiness for clinical assignment. If, in the judgment of the faculty, a student has not demonstrated such readiness, he or she will be denied an internship placement. In such cases, the faculty will advise the student of any corrective and therapeutic measures to take that will enable her or him to have an opportunity for reconsideration for internship the following year. Only one reconsideration for acceptance to internship placement will be granted per student.

FINANCIAL AID

Nazarene Bible College offers financial aid in the form of grants, scholarships, loans, and employment. Federal aid includes the Pell Grant, Supplemental Educational Opportunity Grant (SEOG), and Work-Study, as well as the Perkins Loan and Federal Direct Loan Programs, which provide long-term, low interest loans. In addition, the college offers a limited number of scholarships that are institutionally funded. An individual student's financial aid package may be comprised of one or more of these types of aid. Qualifications for such aid should be discussed with a financial aid counselor. Students are encouraged to visit the Federal Financial Aid website at http://www.fafsa.ed.gov. The NBC code is 013007. Consumer information related to the financial aid programs of Nazarene Bible College, its policies and procedures, and student eligibility may be obtained by contacting the director of financial aid.

Generally, financial aid is tailored to help meet the needs of the student, but both the student and the college must recognize that the primary responsibility for paying college expenses rests with the student.

Eligibility for the various types of aid is determined by analyzing the information provided on the Free Application for Federal Student Aid (FAFSA). The student may apply for one or more types of aid depending upon qualifications and the funds available. The student must be enrolled for at least four hours and be in good academic standing to be eligible for federal aid. However, the student may, in certain cases, be eligible for a Federal Pell Grant for enrollment of less than four hours. Students must be enrolled in and attend at least four credit hours to receive loans. Financial aid is disbursed in even amounts over the student's scheduled enrollment period for the current academic year. Students may have one or more disbursements based on their enrollment period and their academic program. All disbursements will be credited to the student's account.

A student must reapply each year for federal aid. The director of financial aid is responsible for the administration of all financial aid funds.

Return of Title IV Funds

Nazarene Bible College follows the federal return of Title IV funds provisions for federal aid recipients. Under these provisions, when a recipient of federal Student Financial Aid (SFA) funds withdraws from the college, the college must determine the amount of SFA funds earned as of the student's official withdrawal date as determined by the school.

Students who leave school and cease to attend all courses within a term, without completing the official withdrawal process, are also subject to a return of funds calculation. In this case, the financial aid office will use the last day of class attendance recorded in the school database to calculate the amount of SFA funds earned.

If the total amount of funds earned is less than the amount disbursed, funds will be returned to the appropriate SFA programs. If the total amount of SFA funds earned is greater than the total amount of funds disbursed, the difference between these amounts may be treated as a post-withdrawal disbursement.

If a student withdraws from any or all classes in a term, or drops below half-time status, the business office will determine, based on refund policies, if any refund of tuition is due on the student's account. At that time, it will be determined if any portion of Title IV funds must be returned to the federal aid programs. The student is responsible for paying any balance due resulting from the return of funds to the Title IV Federal Aid programs.

Limitation

A student not officially pursuing a degree is not eligible for federal aid.

Forfeiture

A student placed on probation because of disciplinary or academic reasons may forfeit all rights to financial assistance. If a student drops below four hours, institutional aid is also forfeited at the rate of refund listed in the Policy on Refunds section.

Alumni Matching Grant

A special one-time matching grant is available to new or transfer degree-seeking students according to the following policy:

- A. Funds given by the student's home Church of the Nazarene will be matched by the Alumni Association. The maximum amount per student will be established each year. Currently, the Alumni Association will match up to \$150.00 from the student's home Church of the Nazarene.
- B. The student must be enrolled for nine credit hours or more per academic year.
- C. The student should present a letter from the pastor of the church making the grant, indicating the student(s) to receive the grant.

Veterans Benefits

Nazarene Bible College is approved for the training of veterans. At the present time, the specific approved programs for which the veteran may receive educational benefits are the Bachelor of Arts in Ministry (B.A.Min.), the Associate of Arts in Ministry (A.A.Min.), and the Ministry Preparation Program (MPP).

VA students should go to www.gibill.va.gov to apply for benefits or to make benefit changes. Questions may be directed to the financial aid office.

VETERANS ADMINISTRATION REQUIREMENTS

To maintain certification for Veterans Administration benefits, a student must earn a grade point average of 2.0 or better. Failure to do so will result in Academic Probation. If the student does not meet minimum requirements for three successive trimesters, the student will be placed on academic suspension and will be ineligible to enroll in the next trimester. Please see the Academic Probation section of the Catalog for more details.

A student may receive benefits for repeating a course if that course is required in the program of study. The law prohibits payment of benefits for courses not included in a student's program of study or courses from which the student withdraws. Payment of tuition and fees is allowed for courses taken by directed study.

SPECIAL ASSISTANCE FUNDS

Students experiencing emergency economic hardships may request assistance from the following funds.

Lyle Potter Loan Fund

Evangelist Lyle Potter established an emergency loan fund to assist campus students through times of crisis on a short-term basis. Requests should be channeled through the business office.

Burt Stewart Samaritan Fund

This is a fund to assist campus students and their families in emergencies. Donations are received from both the Burt Stewart Crisis Fund and the Samaritan Fund. Requests should be channeled through the student success office.

SCHOLARSHIPS

Merit Scholarship

Nazarene Bible College established a merit scholarship program for new NBC students beginning in the fall of 2013-14. ACADEMIC PROGRAMS

ACADEMIC PROGRAMS

Nazarene Bible College offers two degrees: the Bachelor of Arts in Ministry (B.A.Min.), and the Associate of Arts in Ministry (A.A.Min.).

The Bachelor of Arts in Ministry degree is offered through two degree structures—the traditional degree structure and the Advantage accelerated degree structure. Both structures are offered on campus and online.

The Associate of Arts in Ministry degree offers concentrations in Christian Educational Ministries, Church Ministries, Early Education, General Studies, and Hispanic Pastoral Ministries.

The college also offers a bachelor's degree completion program, AdVantage, with majors in Christian Counseling (campus only), Christian School Education, Counseling for Christian Ministries (online only), Leadership and Ethics, and Pastoral Leadership.

The Sourcebook on Ordination: United States of America Edition, 2012, published by Clergy Development, Church of the Nazarene, stipulates the requirements for **elder** or **deacon** ordination within the Church of the Nazarene. The B.A.Min. with a major in Pastoral Ministries or Pastoral Leadership meet the requirements for the **elder** ordination course of study as outlined in the Sourcebook. The B.A.Min. degree with a major in Christian Educational Ministries meets the requirements for the **deacon** ordination course of study. Ordination requirements for other deacon tracks are supported by specific programs.

Students seeking ordination in the Church of the Nazarene should note that the individual districts have autonomy in determining which courses fulfill the educational requirements and student readiness for ordination. In some cases, the District Board of Ministry may require additional coursework before recommending assembly action to graduate the candidate from the Course of Study.

Students from traditions other than the Church of the Nazarene are welcome to pursue ministerial training at Nazarene Bible College. Fulfilling ordination requirements in one's respective denomination, however, will be the responsibility of the individual student.

In addition to the B.A.Min. and A.A.Min. degrees, Nazarene Bible College offers one non-degree program: Ministry Preparation Program. This program is currently not approved for Federal Financial Aid.

BACHELOR OF ARTS IN MINISTRY

The Bachelor of Arts in Ministry (B.A.Min.) degree is composed of three components: the General Education Core, the Bible and Theology Core, and a selected major. Students may choose from the following **major** areas of study:

- Bible and Theology
- Christian Counseling (campus only)
- Christian Educational Ministries
- Christian School Education
- Counseling for Christian Ministries (online only)
- > Leadership and Ethics
- > Pastoral Leadership
- Pastoral Ministries
- Hispanic Pastoral Ministries (online only)

In addition, a student may fulfill the requirements for one of the following **minor** areas of study:

- > Biblical Languages
- Christian Educational Ministries
- Leadership and Ethics
- Pastoral Ministries

Student enrollment affects course scheduling and availability. The college purposes to provide students with the opportunity to complete their major in their preferred delivery mode: campus or online. However, if low enrollment causes courses not to be offered in a student's preferred delivery mode, the student may need to complete his/her degree by taking classes in the mode in which the courses are available.

MINISTRY PREPARATION PROGRAM (Online Only)

The Ministry Preparation Program (MPP) exists to prepare men and women for ordination as an elder or deacon in the Church of the Nazarene through a series of courses that earn one semester hour of credit each. Two variations of the program exist. The first is based on Nazarene Bible College's 25-course ordination curriculum validated by the Regional and International Course of Study Advisory Committee (RCOSAC/ICOSAC) of the Church of the Nazarene as an approved curriculum for achieving ordination education requirements. The second variation is based on the Church of the Nazarene's modular program, which is likewise validated by RCOSAC/ICOSAC. Students may choose which option they wish to pursue, pending the approval of their respective districts. Students should note that the individual districts in the Church of the Nazarene have autonomy in determining which courses fulfill the educational requirements for ordination. Students should consult with their respective district ministry board to determine what courses are required for ordination by that district.

A certificate of completion is given to those who successfully complete 12 or more ordination courses at NBC (provided that the remaining required courses have been accepted as transfer credit). Up to 12 courses may be transferred from other colleges or through an Alliance District Training Center portfolio program. The MPP Certificate verifies that all ordination classes were taken and completed at a college level of instruction. Further information may be found at www.online.nbc.edu.

ACADEMIC POLICY

ACADEMIC POLICY

To facilitate advancement by students toward reasonable academic goals, Nazarene Bible College provides policies and procedures for the academic life of the institution. Persons preparing for service to God, the Church, and society may be assured that their progress is efficient and thorough by observing patterns that have been proven with time.

TRIMESTER CALENDAR AND CREDIT HOURS

Nazarene Bible College uses the trimester calendar for its course offerings and the semester hour as its unit for awarding and recording academic credit.

The campus trimester consists of eleven weeks of classes with at least one week-long reading and research week during the term. A one-week break separates the terms. Since most campus classes are offered for three semester credits, each class meets for three hours and twenty minutes. Breaks and chapel are included in this time span. The reading and research week is given with the expectation that students will use the time for study and scholarly activity.

The online and Advantage trimesters consist of two six-week sessions, with a one-week break between sessions and also between each trimester. The online student is required to attend class at least five days out of seven during each of the six weeks of class. The Advantage student is required to attend each class session during each of the six weeks of class.

The Associate of Arts in Ministry in General Studies program consists of 20 block sessions, one course per block, with the program culminating in 18 months. The majority of the courses meet on campus, are four weeks in length, meeting for four days the first three weeks, and for three days during the final week for two and a half hours per day. There are three online courses that meet for six weeks in length. One-week breaks are regularly scheduled during the duration of the 18 month program.

COURSE LOAD

A full course load is 8 to 12 hours per trimester. Students should determine the number of hours they take per trimester based on their desired graduation date and the personal resources required to perform well academically. A student desiring to take more than 13 hours must have at least a 3.5 grade point average for two consecutive trimesters and obtain the approval of the academic dean.

Online students may not take more than two courses per online session.

Advantage students must submit a request to their advisor for permission to take more than one course a session. To be considered for approval, the student must

not have a full-time job and must have at least a 3.3 cumulative grade point average in the Advantage program.

CLASSIFICATION OF STUDENTS

- A freshman is a student who has met admission requirements.
- A sophomore is a student who has completed 32-63 semester hours.
- A junior is a student who has completed 64-95 semester hours.
- A senior is a student who has completed at least 96 semester hours.

In the Advantage program, a student achieves junior standing at 60 hours and senior standing at 90 hours.

A student is considered full time when enrolled for eight or more semester hours per trimester.

ACADEMIC ADVISING

Academic advising is the process and system by which students plan their academic programs with the help of an academic advisor. The advisor provides direction to students for program planning and scheduling of classes, and provides support in enrollment and college business needs.

REGISTRATION

Academic advisors will instruct students in registration procedures. Changes in registration are to be initiated through the academic advisor who will ensure all procedures set by the registrar's office are followed.

The last day to add a campus class is one week after classes begin. A student may add an online course up to day three of the online course. This is noted on the academic calendar.

Since the Advantage sequence of courses is prescribed, the student will be scheduled for all courses in the program and is expected to maintain his or her cohort and course sequence throughout the two years. Changing cohorts or withdrawal from the program may only be done after consultation with the student's academic advisor. Salvation Army students must have permission from the territorial education officer.

CHANGE OF ENROLLMENT

A student who desires to add a course, withdraw from a course, or in any way change his/her class schedule, must complete a Change of Enrollment form available in the course syllabus. The change will not become official until the academic advisor processes the forms and notifies all offices. The deadlines for making schedule changes are published in the academic calendar.

A campus student desiring to withdraw from a course should consult the course instructor first and then his/her advisor. A grade of "W" will be assigned when a student withdraws from a course prior to the deadline published in the academic calendar. The tuition refund, if any, will be credited. Failure to attend class will not constitute an official withdrawal. Tuition will not be refunded, and grades will be recorded as "WF" (failure due to non-attendance) for a student who stops attending class without going through the formal withdrawal process.

An online student desiring to withdraw from a course should contact his/her advisor. The advisor will confirm the withdrawal with the online student and submit the change of enrollment form to the registrar's office, at which point the withdrawal becomes official.

A change of enrollment could affect a student's financial aid. Please contact the student financial aid office for further information.

Withdrawing from a course is only permitted prior to the 7th week of classes for on-campus students, and prior to the 4th week of classes for online/Advantage students, and prior to the midpoint in a course for A.A.Min.G.S. students. A student may not withdraw from a course after this point and will receive a grade of "WF" for the class if he/she fails to attend.

WITHDRAWAL FROM THE COLLEGE

Any student desiring to completely withdraw from a trimester, or the college, should contact his/her advisor. The advisor will confirm the withdrawal with the student and submit the complete withdrawal form to the registrar's office, at which point the withdrawal becomes official.

Failure to attend classes will not constitute an official withdrawal. Tuition will not be refunded, and grades will be recorded as "WF" for a student who stops attending classes without going through the formal withdrawal process. Official withdrawal is only permitted prior to the 7th week of class for on-campus students and prior to the 4th week of classes for online/AdVantage students. Failure to attend classes without formally withdrawing may also impact student eligibility for all institutional, state, and federal aid assistance. See Financial Aid policies for further information.

GENERAL EDUCATION

Nazarene Bible College is an undergraduate, professional school of ministry; therefore, programs concentrate on preparation for ministry. However, each degree program also recognizes the importance of breadth in the educational experience and requires courses of a more general nature.

The associate of arts degree programs require specific general education courses in English, history, communication, mathematics, science, and psychology. In addition to these requirements, the baccalaureate degree programs require courses in sociology, ethics, and religious culture, and offer students the opportunity to select, or transfer in, courses from a broader cluster of general education fields.

Elective general education courses may include courses not designated as a required course for the student's chosen major. In addition, designated independent studies and seminars in advanced applications may be acceptable elective general studies credits.

Many of the students at Nazarene Bible College come with prior education. The college recognizes the strength of prior experience and schooling, and intends to build on it. Transfer credit for the general education core is encouraged in areas that would enhance the student's education. The policy for general studies core transfer credit may be obtained from the registrar.

COURSE DELIVERY MODES

Nazarene Bible College provides preparation for ministry through both campus and online delivery modes. The table below lists NBC degree programs offered in each mode.

Student enrollment affects course scheduling and availability. The college purposes to provide students with the opportunity to complete their major in their preferred delivery mode—campus or online. However, if low enrollment causes courses not to be offered in a student's preferred delivery mode, the student may need to complete his/her degree by taking classes in the mode in which the courses are available.

Each delivery mode has unique benefits. Campus delivery has a community of scholars, immediate use of library and learning resources, networking with denominational leadership, regular chapel services, face-to-face instructional methods, and other aspects of traditional college life. Online delivery has the convenience of anytime/anywhere learning, electronic library and learning resources, the experience and academic qualifications of the Nazarene Bible College faculty, and exposure to a host of practitioner instructors. When appropriate, this *Catalog* will note any differences between the delivery structures in terms of requirements, prices, procedures, policies, etc.

All online students must complete a two-week software/policy orientation before taking any online classes. Online students will be limited to one online course in their first online session. No student may take more than two regular online classes in one session.

COURSE NUMBERING SYSTEM

Nazarene Bible College uses a closely structured schedule of courses that most students will follow. The course numbering system may inform decisions about elective courses and help in the interpretation of transcripts. Course numbers include a three-letter prefix which identifies the subject field and a four-digit number which indicates the level, sequence, and credit hours of the course. The first digit indicates the level of the course. Courses in the 1000 range are generally entry level courses most often taken during the freshman year; 2000 courses are normally sophomore level; 3000 courses are usually junior level; and 4000 courses are the most advanced courses offered, usually reserved for juniors and seniors. The second and third digits distinguish between courses within a subject field and generally suggest the sequence in which courses in that field would be taken. The fourth digit indicates the number of credit hours for the course.

ATTENDANCE POLICY

Regular class attendance is required because a Nazarene Bible College education assumes that significant learning takes place in both the campus and online classrooms.

Attendance Policy for Traditional Campus Courses: Students are required to participate in the campus classroom regularly throughout the term of the course. Any absences may result in the loss of points as detailed in the class syllabus.

Traditional campus courses meet once each week for 11 weeks. Each weekly class is composed of two periods for a total of 22 periods per trimester. Missing more than two regularly scheduled class periods in a term will result in the reduction of one grade step (e.g., "B" to "B-"). Similarly, another grade step reduction will occur after missing more than four periods. Any student missing more than six periods of a class without formally withdrawing will be given a grade of "WF" (failure due to non-attendance).

Campus students who do not attend their first class session and have given no notification to any staff or faculty member may be dropped from the course prior to the drop deadline.

Attendance Policy for Online Courses: Students are required to attend the virtual classroom at least five out of seven days each week. <u>Any absences may result in the loss of points as detailed in the class syllabus.</u>

A 1% grade reduction will be made for each missed day of required attendance. No credit and a grade of "WF" (failure due to non-attendance) will be given after a student misses more than a total of nine required days of attendance in a class or if a student fails to attend in any given week without formally withdrawing.

Online students who do not log in to their class by day four of week one and have given no notification to any staff or faculty member may be dropped from the course prior to the drop deadline.

Attendance Policy for Advantage Campus Courses: Advantage courses meet once each week for six weeks. Each course is divided into twelve periods, or two periods per class meeting.

Due to the accelerated nature of the Advantage program, any missed class period will result in a reduction of the overall grade by one grade step (e.g., "B" to "B-"). No credit and a grade of "WF" will be given after a student misses more than three class periods without formally withdrawing.

Circumstances may prevent a student from attending class. In consultation with the course instructor and the Advantage director, it might be determined that the missed class period(s) will not count against attendance requirements, and the student will be allowed to complete the course. Requests for excusing an absence must be submitted in writing to the instructor and the Advantage director within one week of the absence. It is the responsibility of the student seeking an excused absence to submit a request in writing to the instructor and to the Advantage director within one week of the absence. Required online attendance for the course is mandatory.

Attendance Policy for A.A.Min.G.S. Courses: Students are required to participate in the campus classroom regularly throughout the term of the course. Any absences may result in the loss of points as detailed in the class syllabus.

Typically, an A.A.Min.G.S. course meets for two and one-half hours for fifteen class periods over four weeks. Missing two regularly scheduled class periods in a course will result in the reduction of one grade step (e.g., 'B' to 'B-'). Similarly, a two-step grade reduction will occur after missing three class periods. Students who miss four class periods will have a three-step grade reduction and will submit additional work as specified by the instructor. Any student missing more than four class periods without formally withdrawing will be given a grade of "WF" (failure due to non-attendance).

Attendance Policy for ALL Courses:

Failure to attend class, both on campus and online, will not constitute withdrawal. Tuition will not be refunded, and grades will be recorded as "WF" for a student who stops attending class without going through the formal withdrawal process. Failure to attend may also impact student eligibility for all institutional, state, and federal aid assistance. See Financial Aid policies for further information.

NBC will work with active and reserve duty military personnel in order to avoid penalties associated with absences that are due to special deployments or assignments, either through arrangements with the instructor to make up class time missed or through enrollment in an online version of the course.

RESIDENCE REQUIREMENT

Residency is defined as classes taken at NBC either on the campus in Colorado Springs or through the online program. At least 25% of the hours required by any degree program must be earned in residence. Students with a previous baccalaureate or higher degree enrolling in a degree program at NBC must complete a minimum of 32 hours in residence.

GRADING SYSTEM

Numerical values (grade points) are assigned to letter grades and recorded on the student's transcript as follows:

A = 4.0	B+ = 3.3	C + = 2.3	D+ = 1.3	F = 0
A- = 3.7	B = 3.0	C = 2.0	D = 1.0	WF = 0
	$B_{-} = 2.7$	$C_{-} = 1.7$	$D_{-} = 0.7$	

"W" (withdraw), "I" (incomplete), and "IP" (in progress) are not included in the calculation of grade point averages.

The grade of "IP" indicates a course that is "In Progress," and is not completed at the end of the term of registration. Such a course is designed to last more than one term. How long an IP will last is determined by the course and is clearly stated in the syllabus.

Change of grade: After a final grade has been submitted, an "I" or "IP" has been changed to a letter grade, a change of grade may be made only if it is demonstrated that a computational error was made. Students may not dispute a grade if more than 60 days have passed since the grade was submitted to the registrar.

AUDITING

A student who does not wish to receive college credit for a course may register to audit the course. No class assignments are required for an auditing student. The tuition fee is one-half the regular tuition for that course. AU is entered on the transcript for a completed audit course.

Private music lessons and online courses may not be audited.

REPEAT POLICY

The first grade earned for a course will not be included in the student's GPA if the student elects to take the course a second time and earns a higher grade for the course. If a student chooses to take the class a third time, or additional times, the grade(s) for the additional attempts will be included in the student's GPA and CUM GPA.

INCOMPLETE WORK

Incomplete ("I") indicates unfinished work at the end of a course due to extenuating circumstances. A student must request the "I" from the instructor, justifying the reason for that request. When granted, "I" grades must be removed by the end of the following term. The final grade will be submitted based on the work completed by the student in the class to that point. An incomplete incurred during the spring trimester must be removed by the beginning of the fall trimester. For online classes, an incomplete may only be given if the professor believes the missing work does not require the interaction of other students in the class.

SUMMER SCHOOL

On campus: the college may offer courses in one-week intensives or four-, five-, or six-week sessions. Because courses are accelerated and class periods lengthened, students are advised not to enroll for more than six hours. Summer school courses may be canceled when enrollment is insufficient to cover institutional costs.

Online: one six-week session is offered in which six to eight credit hours may be earned.

CUSTOMIZED AND SPECIALIZED STUDIES

<u>Customized studies</u> may be taken either as a directed study or an independent study. No more than one such customized study will be allowed in an associate of arts degree program and no more than three in a baccalaureate degree program. For approved customized studies, there will be an additional fee of one-half the regular tuition rate. Application forms are available in the registrar's office. **Customized study work must be completed in the trimester for which it was approved.**

Directed Study: a course listed in the catalog that a student may apply to take when schedule conflicts and/or other circumstances prevent the student from taking the course during the scheduled class time. Course requirements for directed studies will be equivalent to those of the regular course. Typically, a student must be in the final year of his/her NBC career and have a strong GPA. Application to and approval by the academic dean is required.

Independent Study: a course specially designed to relate to a student's needs, interest, and anticipated ministry that may be undertaken by qualified students. The approval of the academic dean and a supervisory faculty member is required. In exceptional circumstances, approval by the Academic Council may be required.

<u>Specialized studies</u> are taken under the direction of faculty for academic credit outside the campus or online classroom. Such studies include the Capstone Project, Christian Counseling Internship, Senior Ministry Integration, Student Teaching, and Residency. Please note: If a program requires an internship or field placement, the student might be required by the church, school, or other organization to complete a background check before beginning the field placement.

Capstone Project: The Capstone Project is designed to provide the student with the opportunity to show an immediate and direct application of principles learned in the Leadership and Ethics (L & E) major to the student's ministry or work setting. In addition, the project will demonstrate an application of sound biblical and theological principles to a leadership model. In order to facilitate this, the student will be registered for the Project in conjunction with the 11th AdVantage course.

Christian Counseling Internship: Required of all Christian Counseling majors, this course is offered in the summer term of the clinical year. It is designed to enable the student to integrate professional knowledge with counseling skills. This is a supervised practicum of at least 200 clock hours. Course components comprise 140 hours of on-site experience, 50 hours of supervision, and 10 hours of preparation. Possible sites include local mental health agencies, compassionate ministries, and churches.

Residency: In the fourth year, a student may apply to the Academic Council for permission to serve as a staff member in an approved local church or to participate in the Grove City Church Internship Program. This program is intended to be an in-depth, actual ministry experience and is different from the Senior Ministry Integration, which deals primarily with issues of integration of theory and practice of ministry.

Senior Ministry Integration: During the senior year, each student is required to take Senior Ministry Integration or an equivalent field education study. This course is designed to integrate classroom learning with practical ministry experience. Students engage in 100 hours of supervised, handson ministry activities over a period of two consecutive academic terms earning two semester credits. Individualized learning contracts defining the specific objectives and ministry activities are determined by the student, pastor mentor, and faculty supervisor in conjunction with established course requirements.

Senior Ministry Integration-Teaching: All students in the Christian School Education degree program will complete 120 hours of classroom observation and participation during the major year. Specific observations and requirements are outlined in the course material and the student will be allowed up to one year for completion. For those students completing Association of Christian Schools International (ACSI) certification, this course is considered the first two credit hours of Student Teaching.

Student Teaching: All students in the Christian School Education degree program who are pursuing ACSI certification will complete four credit hours of Student Teaching. Students will spend a minimum of 240 hours in the classroom to complete the total 360 hours of required fieldwork. This classroom experience will be under a supervising teacher, mentor teacher, or school administrator depending on previous teaching experience and/ or teaching employment. Completion of the Portfolio and PRAXIS exam are required. (Students not pursuing ACSI certification can complete the alternative Educational Issues and Applications course which includes 120 hours of project-based fieldwork in an alternative educational setting. Completion of the Portfolio and PRAXIS exam is also required for this alternative course.)

INTERVENTIONS FOR SUCCESS

A student is required to participate in three intervention events to improve the likelihood of success as a student and in ministry: NBC Experience, Ministry Progress Review, and Graduating Colloquium. All intervention classes are required for graduation.

NBC Experience: an orientation to the NBC culture required during the *first* trimester of enrollment for all traditional campus students, and during the second sessions of all online students' schedules. The purpose of this course is to integrate new students into the life of the college, to initiate spiritual formation principles and

activities, to help students and advisors become better acquainted, and to prepare students for college life.

Ministry Progress Review: interviews conducted during a student's *second* year in which a student's progress in the preparation for Christian service is reviewed. Faculty interviewers provide advice, correction, and encouragement in this intervention. Advantage students will complete this requirement during their first year of enrollment.

Graduating Colloquium: a capstone experience for all B.A.Min. students during the *final* year designed to address the initial ministry assignment needs of the graduating student, synthesize the academic and practical facets of the student's education in anticipation of future placement in ministry, and bring closure to the student's time at Nazarene Bible College.

ACADEMIC HONESTY

Honesty in all academic endeavors is vital as an expression of the Christian life. It is required that students at Nazarene Bible College do **not** participate in cheating, plagiarism*, or other forms of academic dishonesty, nor encourage and condone such behavior by permitting it and/or allowing it to go unreported. All assignments must be the student's original work for the course in which the material is submitted. When the work is not the student's own, proper credit must be given to the source of the information.

Academic dishonesty is a serious violation of morality and of academic integrity. The minimum penalty for academic dishonesty will be failure of the assignment. More stringent measures may include failure of the course, disciplinary probation, or disciplinary suspension.

Identity Fraud: Committing identity fraud is considered particularly serious and could have legal as well as institutional implications. Any student who has another individual impersonate or in any other way commit identity fraud in any course, assignment, exam, or any type of academic exercise will be permanently suspended from NBC.

*Plagiarism is using another's words or ideas as one's own without properly crediting the original source.

ACADEMIC HONORS

Academic honors are announced by the academic dean each trimester. Honor students must carry at least eight hours per trimester and achieve the following grade point average: Dean's List–3.70 to 4.00; Honor Roll–3.30 to 3.69. Graduating with scholastic honors is a designation for those persons completing their degree programs with a cumulative GPA of 3.70 or higher. Persons graduating with scholastic honors will be designated by the privilege to wear gold cords during the commencement ceremonies.

ANNUAL AWARDS

Delta Epsilon Chi: Each year the faculty of NBC may elect a number of graduating seniors to the distinction of membership in Delta Epsilon Chi, the honor society of the Association for Biblical Higher Education. These students must have achieved a cumulative grade point average of 3.3 or higher, and taken at least six credit hours per term for the four consecutive terms prior to consideration for awards, excluding the summer term. They must exhibit Christian character and leadership ability. The name of this society means "Approved in Christ" as taken from the first Greek letter in each word of this phrase found in Romans 16:10.

Oke Bible Reading Award: This award was established in 1969 by Dr. Norman R. Oke, former academic dean and professor of theology at Nazarene Bible College. Participants, chosen by their fellow students from the junior speech class in Oral Interpretation, present a program of Scripture readings in chapel each spring. Certificates and awards are given as recognition for excellence in public reading of the Scripture.

Russell V. DeLong Sermon Award: This annual sermon series was established in 1975 through the generosity of the Russell V. DeLong family. Dr. DeLong served as a pastor, college president, evangelist, writer, and radio voice in the Church of the Nazarene. Students nominated by their Christian Preaching II professors are invited to participate in the event by submitting a sermon manuscript. A faculty committee selects the finalists who deliver their sermons in chapel. The preachers are given certificates and awards in recognition of their outstanding achievement in preaching.

The Evangelism Award: This award was established in 2011 and is provided by the Chic Shaver Center for Evangelism. The award recognizes the importance of highlighting evangelism among our pastors and people. A graduating senior or student entering the senior year is selected by the administration at the recommendation of the evangelism professors of Nazarene Bible College. The award is given as recognition to the person who "shows the greatest concern for and effectiveness in reaching lost people for Christ."

Who's Who Among Students in American Universities and Colleges: Each year the faculty nominates a limited number of students to be listed in *Who's Who Among Students in American Universities and Colleges*. These students must have achieved a cumulative grade point average of 3.3 or higher, and taken at least six credit hours per term for four consecutive terms prior to consideration for awards, excluding the summer term. This national program honors students based on academic performance, leadership, service, and collegiate accomplishments.

ACADEMIC PROBATION

In order to ensure that students at Nazarene Bible College are making satisfactory progress toward their academic goals, the college has instituted a system of academic probation. The following categories will apply to students who experience academic difficulties:

1. Academic Warning

A student whose term or cumulative grade point average falls below "C" (2.0) for a trimester will be placed on academic warning for the next trimester of enrollment. Appropriate counseling will be initiated.

2. Academic Probation

A student whose term grade point average is below 2.0 for any trimester while on academic warning will be placed on academic probation. Counseling will be provided to improve the quality of the student's work.

3. Academic Probation with Restriction

A student on academic probation whose term grade point average falls below 2.0 during the probationary term will be placed on academic probation with restriction. The student will be restricted to a reduced course enrollment that will include only those courses approved by the student's advisor and the academic dean.

4. Academic Suspension

A student on academic probation with restriction and whose term grade point average falls below 2.0 in the next trimester of enrollment will be placed on academic suspension and will be ineligible to enroll the next trimester. Re-admission requires that a signed request be submitted to the Academic Council through the Office of Academic Affairs, in which case the student, if re-admitted, will be placed under probation with restriction status for the next trimester of enrollment.

Student financial aid could be affected by academic probation and/or academic suspension status. The student must consult with the Office of Financial Aid.

Additionally, a special review of student academic progress is made at the end of a student's second year at NBC. Students with less than a "C" (2.0) average at the end of the second year may be in danger of losing federal financial aid privileges. Students must check with the Office of Financial Aid to determine continuation of their eligibility.

ACADEMIC DUE PROCESS

Nazarene Bible College has established a system of due process for students who wish to challenge a grade received in a class or any adverse action taken by the college due to academic dishonesty. This system contains the following components to be completed in the order listed:

- The student should consult with the faculty member of the course in question.
 The student should state the concern(s) in a written petition, including all the significant details. The faculty member is expected to answer with a written response.
- 2. Should the student's concern remain unsatisfied, the original petition and faculty response should be submitted to the academic dean for presentation to the Academic Council. The Academic Council may rule on written statements alone or may choose to speak with both the student and concerned faculty member. The Academic Council may require corrective action by the faculty member or may uphold the written decision of the faculty member.
- If the student's concern still remains unsatisfied, the same process may be followed by the President's Cabinet. Decision by the President's Cabinet is final.

CATALOG RIGHTS STATEMENT

A student may graduate under the provisions of the *NBC Catalog* published for the year in which he/she graduates or any *NBC Catalog* published for the immediate three academic years prior to his/her graduation, provided he/she was a three-quarter-time student during the year of the chosen catalog. A student may not acquire the right to graduate under provisions taken from more than one catalog except by agreement with the academic dean. Official termination of a program is not covered by this catalog rights statement.

GRADUATION

Students are responsible to assure that their records are complete and all requirements for graduation have been met.

Nazarene Bible College will **post degrees** four times each academic year: the Monday following the last day of class for each of the fall, winter, spring, and summer terms.

A graduation application is required to complete and post a degree and indicate participation in Commencement. Students are to complete the **Intent to Graduate** form available in the **Student Center and Resources** link at www.online.nbc. edu. A student is required to make application no later than November 15 of the academic year for participation in the commencement exercises. A \$60 graduation fee is required and will be posted to the student's account. (**Note:** This fee will be applied to your bill during the Spring Trimester.) It may be paid by check or credit card. A graduation/commencement application form will not be considered complete and a diploma will not be issued without appropriate payment.

Students will be allowed to participate in commencement exercises provided the following stipulations are met:

- 1. degree requirements (see Academic Programs section) by the end of the academic year (summer term).
- 2. nine or fewer hours remaining.
- a written plan to complete the remaining hours, signed by the student and advisor, and filed in the registrar's office. [The plan must include preregistration in the applicable courses.]

The degree will not be granted until all requirements are met.

TRANSCRIPTS

Official transcripts are released only if all financial obligations are satisfied and the student has signed a written request authorizing the release of the transcript. The easiest and most economical method for receiving transcripts is to go to www. iwantmytranscript.com, register as an NBC student/alum, and submit the request on that site. Requests will also be accepted by mail and should be addressed to the registrar's office. Faxed requests will be accepted if signed by the student. There is a fee for issuing transcripts.

STUDENT SUCCESS

STUDENT SUCCESS

STUDENT SUCCESS PHILOSOPHY

The founding of Nazarene Bible College (NBC) was authorized in 1964 by action of the General Assembly of the Church of the Nazarene. The college joined eight liberal arts colleges and a graduate seminary as part of the Nazarene educational family. Within two years of assembly action, a governing board was elected for the new Nazarene Bible College, a founding president was named, and Colorado Springs, Colorado, was chosen as the site for the college.

Within the plan to establish Nazarene Bible College, the supporting leadership of the denomination urged three descriptors they felt should be characteristics for NBC. First, the college should be characterized as biblical higher education; second, the college should be characterized as preparing persons for the Christian ministry, especially within the Church of the Nazarene; and third, the focus in student recruitment should be for second-career adults. These features of the college remain today as the primary and most observable identifiers of NBC.

The college continues to fulfill its purpose and mission in all programs and strives to live by its core values and achieve its educational objectives. As this is accomplished, a student will not only grow academically, but will also grow toward wholeness spiritually, socially, and emotionally. To that end, the Office of Student Success provides activities and services that assist a student in his/her own process of growth.

STUDENT SPIRITUAL DEVELOPMENT

There are various spiritual development components of biblical knowledge, faith formation, and mentoring offered through chapel, classroom experiences, and interaction with faculty. In addition, the college and Christian community provide many other opportunities for the student to develop his or her inner life.

Chapel

The chapel services of the college are planned for worship, inspiration, and instruction. Throughout the academic year, chapel speakers, chosen as Christian ministry models, include church leaders, pastors, community resource persons, faculty members, students, and college administrative leaders. This common experience of worship shared by students, faculty, staff, and administration forms one of the abiding strengths of the Nazarene Bible College experience. Chapel services are held one week each term during the school year.

Local Churches

A number of churches in Colorado Springs minister to students and their families. The pastors serve as shepherds, spiritual advisors, and ministerial models to students. These churches, varying in size from beginning church plants to a worship attendance of more than 1,000, offer the students many opportunities for service and

fellowship. Regardless of denominational affiliation, NBC students are encouraged to actively attend a local church.

ADMINISTRATIVE SERVICES

Faculty members and administrators have an open-door policy toward all students for encouragement, prayer, and guidance.

- The president of the college is readily available to students.
- The vice president for academic affairs advises students regarding their general educational plans, choice of programs, vocational planning, curricular problems, difficulties with study, and withdrawals from college.
- The admissions office, under the direction of the vice president for enrollment management, assists students in application and acceptance to the college.
- The student success office, under the direction of the vice president for enrollment management, assists students with practical matters after arriving on campus and serves as the first contact for personal, social, emotional, and spiritual concerns.
- The academic advising office advises students regarding enrollment in their academic programs.
- The vice president for finance advises students regarding tuition, expenses, and emergency assistance.
- The director of financial aid gives guidance relating to veterans assistance, student aid programs, and scholarships.
- The registrar assists students with academic records, credit transfer, and attendance policies.
- The director of the library works with students to help build lifelong learning skills in locating and learning how to use various print and electronic resources.

COUNSELING SERVICES

Counseling resources are provided to students in a variety of ways. Faculty members, administrators, and staff seek to be models of Christian care to all students and try to be alert to student needs.

The college maintains a campus counseling center and referral commitment with Colorado Springs Christian Counseling Services (CSCC). Students, or members of their immediate families, who are referred to CSCC or the campus counseling center may receive professional counseling services at minimal cost to the student. Arrangements may also be made for referrals to other approved clinics. Students seeking counseling services should contact the student success director for more details.

FOOD SERVICE

A deli is available in the bookstore in Williamson Center. Light meal items, drinks, and snacks are available during breaks and between classes.

HOUSING SERVICES

Although the college does not provide dormitories or on-campus housing, a wide variety of housing is available in Colorado Springs. The student success office works with community apartment managers and homeowners in assisting students to secure housing. This office provides students a list of currently available housing in the area. Housing opportunities listed in *The Gazette of Colorado Springs* can be accessed on the Internet at www.gazette.com.

BOOKSTORE

A full-service bookstore is located in Williamson Center. Bookstore hours are scheduled to serve the needs of the learning community. Also, books may be ordered online at www.online.nbc.edu.

EMPLOYMENT SERVICES

The student success office maintains an updated list of job openings and principal employers of Nazarene Bible College students. Employment opportunities listed in the classified section of The Gazette of Colorado Springs can be accessed on the Internet at www.gazette.com.

Since the securing of both housing and employment is usually dependent upon the student's presence in the city, prospective students are urged to arrive at least two months before the school term begins. If possible, persons licensed in specialized fields such as plumbing, nursing, and teaching should secure Colorado certification before arrival.

SOCIAL LIFE

An excellent spirit of comradeship and fellowship exists in the Nazarene Bible College family. Numerous events are provided throughout the year to meet the social needs of persons who comprise the learning community.

PUBLICATIONS

The NBCommunicator is published weekly by the president's office to keep students and faculty informed of current announcements. Students can find weekly updated issues online in the student portal. Information and announcements published through the NBCommunicator are considered "official notification."

LECTURESHIPS

Harry W. Dickerson Lectures on Pulpit Holiness Evangelism

This annual series of lectures, established in 1976, is sponsored by the children of Rev. Harry W. Dickerson in honor of their father. Rev. Dickerson was an evangelist in the Church of the Nazarene for 50 years. The purpose of this series is to emphasize the pulpit presentation of the doctrine of holiness by active evangelists.

T. W. Willingham Preaching Series

The T. W. Willingham Preaching Series was instituted in 1989. This program sponsors the Preacher of the Year chapel series and is funded by the family of Dr. T. W. Willingham: Miriam Strang, Charles and Elbert Willingham.

William T. Slonecker, M.D. Lectureship

Dr. William T. Slonecker established a lectureship program in 1990 for the purpose of bringing outstanding business and professional leaders to the campus to discuss issues of importance to laymen in the church.

STUDENT REGULATIONS

Student Handbook

An updated student handbook is posted on the NBC website at the beginning of each academic year. This handbook contains basic guidance and regulations governing student life. Each student is expected to read and follow its instructions.

Behavior and Dress

Maturity in conduct and modesty in dress are expected of all students. The college policy for behavior and dress is based on the Covenant of Christian Conduct as found in the *Manual of the Church of the Nazarene* (2013–2017).

Conduct

Guidelines for student conduct at Nazarene Bible College are few but important. Failure to live up to these guidelines may result in discipline, suspension, or dismissal. The guidelines of conduct are enforced. Conduct listed in items 1–9 is prohibited.

- 1. Any conduct that could lead to physical injury or property damage.
- 2. The use of obscene or profane language.
- The failure to act with financial responsibility for bills, including rent of house or apartment.
- 4. The use of tobacco in any of its forms on or off campus.

ALLIANCE FOR MINISTRY EDUCATION

ALLIANCE FOR MINISTRY EDUCATION

PHILOSOPHY

The Alliance for Ministry Education is a voluntary organization of district training centers within the Church of the Nazarene in the United States that prepares men and women for ministry in their own communities. While the Alliance is not an educational program of Nazarene Bible College, it is a collaborative program to assist district training centers in preparing men and women for Christian ministry. NBC is an Alliance member and a partner with a broad number of district training centers. Although NBC has no legal or accreditational connection with district training centers, it acts in consultation with these centers in areas of academic excellence and good practice, curricular development, and faculty qualification and development.

RELATIONSHIP

In 1983, the Board of General Superintendents designated Nazarene Bible College as the educational training entity for adult ethnic persons. Nazarene Bible College developed a contextual educational program which focused on training multicultural ministerial students who could not attend a traditional college. This innovative program, now called the *Alliance for Ministry Education*, has expanded into many areas of the United States. It serves both ethnic and Anglo students preparing for pastoral and lay ministries at the district level.

The *Alliance* program provides classroom education for students in their cultural context. The curriculum follows that of NBC with the provision that certain alternative courses may be designed to meet specific cultural needs.

Alliance district training centers are operated by districts in the Church of the Nazarene. Each district training center has a board to direct its operation, fund the training center, and make recommendations to the annual Alliance conference. In addition, each center's board elects a director who has responsibility for daily operations.

The NBC administrative responsibility for the *Alliance* relationship rests with the academic dean, who represents the administration of NBC and serves as a consultant to district training centers.

FACULTY

District training centers have responsibility for their own teachers, although, center directors work in consultation with NBC regarding teacher qualification and development. As a normal rule of the *Alliance for Ministry Education*, the district training centers are expected to qualify their teachers on the same basis as NBC.
