INTRODUCTION

Nazarene Bible College (NBC) is devoted to providing a safe and secure environment in which all members, including guests, students, and employees, are treated with dignity and respect. NBC is dedicated to delivering a school community free from all discrimination on the basis of sex. To that end, the college takes the strongest possible stance against sexual misconduct in all its forms, including sexual harassment, sexual assault, sexual violence, domestic violence, dating violence, stalking, cyberstalking, or the use of coercion, intimidation, or exploitation of others for sexual purposes. NBC is committed to implementing the legislation and guidance provided in Title IX of the Education Amendments Act of 1975 (Title IX), the Violence Against Women Reauthorization Act (VAWA), the Campus Sexual Violence Elimination Act (Campus SaVE), and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The following policy includes proactive and responsive measures regarding dating violence, domestic violence, stalking, cyberstalking, and sexual assault in all of its forms including rape, fondling, incest, and statutory rape.

SCOPE OF THE POLICY

This policy applies to the conduct of all college students, faculty, staff, and third parties that occur:

1. Within the boundaries of the Nazarene Bible College\(^1\) customarily known as Clery Geography and,
2. On or off college property if the conduct creates a hostile environment or if the conduct was in connection with any college sponsored program.

NBC’S COMMITMENT TO PROTECTING CONFIDENTIALITY

Nazarene Bible College understands that it can be difficult for a complainant to come forward after an incident of sexual misconduct. NBC will take all reasonable actions to ensure that a complainant can maintain their confidentiality. Please understand complete confidentiality can only be maintained by: licensed counsellors or pastors. Confiding in NBC employees will necessitate some reporting; however, NBC will ensure that the publicly available recordkeeping and disclosures do not include any personally identifying\(^2\) information. Unless confidentiality prevents the institution from providing accommodations or protective measures, it will keep such measures confidential.

If a complainant discloses an incident to a responsible employee\(^3\) but wishes to maintain confidentiality or requests that no investigation into a particular incident be conducted or disciplinary action taken, the college must weigh that request against the college’s obligation to

---

\(^1\) See Appendix I for map of NBC’s Clery Geography

\(^2\) According to the Department of Education, “Personally Identifying Information” is defined in the Violence Against Women Act as “individually identifying information for or about an individual, including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault or stalking, regardless of whether the information is encoded, encrypted, hashed or otherwise protected, including a first and last name; a home or other physical address, contact information (including a postal, e-mail or Internet protocol address, or telephone or facsimile number), a social security numbers, driver’s license number, passport number or student identification number, any other information, including date of birth, racial or ethnic background or ethnic background, or religious affiliation that would serve to identify any individual.” (The Handbook for Campus Safety and Security Reporting, 2016 Edition, 2016, p. 8.12)

\(^3\) See section titled RESPONSIBLE EMPLOYEES
provide a safe, non-discriminatory environment for all students, including the complainant. If the college honors the request for confidentiality, a complainant must understand that the college’s ability to meaningfully investigate the incident and pursue disciplinary action against the respondent may be limited. Although rare, there are times when the college may not be able to maintain confidentiality in order to provide a safe, non-discriminatory environment for all members of the college community. When weighing a complainant’s request for confidentiality or that no investigation or discipline be pursued, the Title IX coordinator will consider a range of factors, including the following:

- the increased risk that the respondent will commit additional acts of sexual violence or other violence,
- whether there have been other sexual violence complaints about the same individual,
- whether the respondent has a history of arrests or records from a prior school indicating a history of violence,
- whether the respondent threatened further sexual violence or other violence against the complainant or others,
- whether the sexual violence was committed by multiple perpetrators,
- whether the sexual violence was perpetrated with a weapon,
- whether the complainant is a minor,
- whether the college possesses other means to obtain relevant evidence of the sexual violence (e.g., security cameras or personnel, physical evidence),
- whether the complainant’s report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group.

The presence of one or more of these factors could lead the college to investigate and, if appropriate, pursue disciplinary action. If none of these factors are present, the college will likely respect the complainant’s request for confidentiality. If the college determines that it cannot maintain a complainant’s confidentiality, the college will inform the complainant, in writing, prior to beginning an investigation. The college will remain ever mindful of the complainant’s well-being and will take ongoing steps to protect the complainant from retaliation or harm.

**IMPORTANT DEFINITIONS**
The following definitions are defined under Nazarene Bible College’s local jurisdictions, the states of Colorado and Kansas.

**CONSENT**: Consent means cooperation in act or attitude pursuant to an exercise of free will and with knowledge of the nature of the act. A current or previous relationship is not sufficient to constitute consent. Submission under the influence of fear does not constitute consent.

---

4 Please note, Kansas law does not define the term “consent”, the definition used in this document is that of Colorado.
**DATING VIOLENCE**

Dating violence is violence committed by a person

- Who is or has been in a social relationship of a romantic or intimate nature with the victim;
- Where the existence of such a relationship shall be determined based on a consideration of the following factors:
  - The reporting party’s statement,
  - The length of the relationship,
  - The type of relationship,
  - The frequency of interaction between the persons involved in the relationship.

**DOMESTIC VIOLENCE:**

Domestic Violence in Colorado means

- An act or threatened act of violence upon a person with whom the actor is or has been involved in an intimate relationship. “Domestic violence” also includes any other crime against a person, or against property, including an animal, or any municipal ordinance violation against a person, or against property, including an animal, when used as a method of coercion, control, punishment, intimidation, or revenge directed against a person with whom the actor is or has been involved in an intimate relationship.
- “Intimate relationship” means a relationship between spouses, former spouses, past or present unmarried couples, or persons who are both the parents of the same child regardless of whether the persons have been married or have lived together at any time.

Domestic Violence in Kansas means

- An act or threatened act of violence against a person with whom the offender is involved or has been involved in a dating relationship, or an act or threatened act of violence against a family or household member by a family or household member. Domestic violence also includes any other crime committed against a person or against property, or any municipal ordinance violation against a person or against property, when directed against a person with whom the offender is involved or has been involved in a dating relationship or when directed against a family or household member by a family or household member.

**SEXUAL ASSAULT:**

In Colorado, any actor who knowingly inflicts sexual intrusion or sexual penetration on a victim commits sexual assault if:

- The actor causes submission of the victim by means of sufficient consequence reasonably calculated to cause submission against the victim's will; or
- The actor knows that the victim is incapable of appraising the nature of the victim's conduct; or
- The actor knows that the victim submits erroneously, believing the actor to be the victim's spouse; or

---

5 Please note, neither Colorado nor Kansas laws define the term “dating violence”. The definition used in this document is found in the Handbook for Campus Safety and Security Reporting 2016.
At the time of the commission of the act, the victim is less than fifteen years of age and the actor is at least four years older than the victim and is not the spouse of the victim; or

The victim is in custody of law or detained in a hospital or other institution and the actor has supervisory or disciplinary authority over the victim and uses this position of authority to coerce the victim to submit, unless the act is incident to a lawful search; or

The actor, while purporting to offer a medical service, engages in treatment or examination of a victim for other than a bona fide medical purpose or in a manner substantially inconsistent with reasonable medical practices; or

The victim is physically helpless and the actor knows the victim is physically helpless and the victim has not consented.

In Kansas, sexual assault is defined as:

- Knowingly engaging in sexual intercourse with another person who does not consent when:
  - The victim is overcome by force or fear
  - The victim is unconscious or physically powerless; or
- Knowingly engaging in sexual intercourse with another person when that person is incapable of giving consent because of mental deficiency or disease, or when the victim is incapable of giving consent because of the effect of any alcoholic liquor, narcotic, drug or other substance, reasonably apparent to the offender; or
- Engaging in sexual intercourse with a child under 14 years of age; or
- Engaging in sexual intercourse with a victim when the victim’s consent was obtained through a knowing misrepresentation made by the offender that the sexual intercourse was a medically or therapeutically necessary procedure; or
- Engaging in sexual intercourse with a victim when the victim’s consent was obtained through a knowing misrepresentation made by the offender that the sexual intercourse was a legally required procedure within the scope of the offender’s authority.

**SEXUAL MISCONDUCT**: Any nonconsensual sexual physical contact, including instances in which the person subjected to the misconduct is incapable of giving consent because of permanent or temporary mental or physical incapacity.

**STALKING:**
In Colorado, a person commits stalking if directly, or indirectly through another person, the person knowingly:

- Makes a credible threat to another person and, in connection with the threat, repeatedly follows, approaches, contacts, or places under surveillance that person, a member person’s immediate family, or someone with whom that person has or has had a continuing relationship; or

---

Please note, Kansas law does not define the term “Sexual Misconduct”. The definition used in this document is that of Colorado.
- Makes a credible threat to another person and, in connection with the threat, repeatedly makes any form of communication with that person, a member of that person’s immediate family, or someone with whom that person has or has had a continuing relationship, regardless of whether a conversation ensures; or
- Repeatedly follows, approaches, contacts, places under surveillance, or makes any form of communication with another person, a member of that person’s immediate family, or someone with whom that person has or has had a continuing relationship in a manner that would cause a reasonable person to suffer serious emotional distress and does cause that person, a member of that person’s immediate family, or someone with whom that person has or has had a continuing relationship to suffer serious emotional distress.

In Kansas, stalking is defined as:
- Recklessly engaging in a course of conduct targeted at a specific person which would cause a reasonable person in the circumstances of the targeted person to fear for such person’s safety, or the safety of a member of such person’s immediate family and the targeted person is actually placed in such fear;
- Engaging in a course of conduct targeted at a specific person with knowledge that the course of conduct will place the targeted person in fear for such person’s safety of the safety of a member of such person’s immediate family; or
- After being served with, or otherwise provided notice of, any protective order included in K.S.A. 21-3843, prior to its repeal or K.S.A. 2012 Supp. 21-5924, and amendments thereto, that prohibits contact with a targeted person, recklessly engaging in at least one act listed in subsection (f)(1) that violates the provisions of the order and would cause a reasonable person to fear for such person’s safety, or the safety of a member of such person’s immediate family and the targeted person is actually placed in such fear.

**CYBERSTALKING**

NBC also recognizes cyberstalking as a form of stalking. Cyberstalking is the use of technology, specifically the internet, to stalk someone.

**REPORTING PROCEDURES**

Nazarene Bible College has established procedures for complainants and witnesses to report an occurrence of Sexual Misconduct. Below are options for immediate reporting and delayed reporting.

In addition, NBC provides members of the community with an Amnesty Program as well as a Good Samaritan Program for select instances in which NBC’s code of conduct has been broken. In the event an employee discovers illegal instances of sexual misconduct at NBC the federal law has provided legislation to protect the employee. Please see the Whistle Blower Protection Policy for more information. Information concerning the Amnesty Program, Good Samaritan Program, and Whistle Blower Protection Policy can be found in Appendix III of this document.

IMMEDIATE REPORTING: WHAT TO DO IF A SEXUAL OFFENSE OCCURS

1. Respond to any injuries first. If you need medical attention, call an ambulance at 911.

2. The preservation of evidence is crucial. Do not alter your physical appearance until after a physical examination has been conducted. Do not shower, wash your clothes, or comb your hair. Avoid drinking and eating.\(^7\)

3. Call the Colorado Springs Police Department at 719-444-7000 (in Lenexa, call 913-477-7300). A police officer will meet with you as soon as possible. If you would like, NBC’s Director of Financial Aid\(^8\) (in Lenexa, Title IX coordinator or compliance assistant) can assist you in contacting the appropriate police department. **Note: everyone has a right to decline to notify local law enforcement.**\(^9\)

5. Go with the police officer to the nearest hospital for evidence collection and a medical examination.

6. NBC is required to perform an investigation once a report of sexual offense has occurred. Therefore, if you have not already done so, contact the Title IX coordinator/VP for finance at 719-884-5021, if they are not available contact the Compliance Assistant at 719-884-5013.

AFTER THE FACT REPORTING

Victims of sexual harassment have the right to report an incident of sexual misconduct to either or both local law enforcement agencies and the college. Victims also have the right to notify authorities of an incident. In addition to these options, there are confidential counselling services available to both victims and witnesses. The various options concerning reporting of incidents of sexual misconduct are listed below.

**Notifying Law Enforcement:** Victims have the right to notify law enforcement. If the victim would like, school authorities can assist the victim in notifying law enforcement. Victims have the right to choose to decline to notify authorities.

**Reporting:** If victims should choose to report the incident to school authorities they should contact the compliance assistant 719-884-5013 or the Title IX coordinator 719-884-5021.

---

\(^7\) The preservation of evidence is critical. Preserving evidence may assist a victim in proving that the alleged sexual offense occurred or in obtaining protective measures such as a protective order. (The Handbook for Campus Safety and Security Reporting, 2016 Edition, 2016)

\(^8\) The Director of Financial aid has responsibility in Colorado Springs to maintain the security log and to assist campus students who have been victims of offenses.

\(^9\) Every victim has the right to: notify local law enforcement authorities, be assisted by campus authorities in notifying local law enforcement, or decline to notify such authorities.
Evidence preservation: Even if a victim is unsure of whether or not they would like to report an incident, it is a good idea to preserve evidence to the best of their ability. In order to best preserve evidence, victims should avoid showering, washing, changing clothes, combing hair, drinking, eating, or doing anything to alter physical appearance until after a physical exam has been completed.

REPORTING TO NBC EMPLOYEES
NBC students and employees have different options for reporting. NBC offers three types of employees for complainants to report to: the Title IX coordinator, confidential resources, and responsible employees.

Title IX Coordinator:
The college has designated the Vice President for Finance as the Title IX coordinator. The Title IX coordinator is to ensure the college’s compliance with Title IX of the Education Amendments of 1972. The Title IX coordinator is to oversee the college’s response to Title IX reports and complaints and identify and address any patterns or systemic problems revealed by such reports and complaints. The Title IX coordinator must be informed of all reports and complaints raising Title IX issues, even if the report or complaint was initially filed with another individual or office. In addition, the Title IX coordinator is to conduct annual climate assessments for students and employees. Any reports of sexual harassment, including sexual misconduct as well as questions concerning Title IX can be referred to the Title IX coordinator or the Office for Civil Rights:

NBC’s Title IX Coordinator
TitleIXCoordinator@nbc.edu

Office for Civil Rights
1-800-368-1019
ocrmail@hhs.gov

Confidential Resources:
Complete confidentiality can only be maintained by professional, licensed counselors and pastoral counselors who provide mental-health counseling to members of the school community (and including those who act in that role under the supervision of a licensed counselor). Individuals who are confidential resources will not report crimes to law enforcement or college officials without your permission, except for extreme circumstances, such as a health and/or safety emergency.

Please note that counselling and support is available to all victims whether or not they choose to make an official report to the institution.

Title IX Coordinator/ VP for Finance  719-884-5021
Compliance Assistant  719-884-5013

Responsible Employees:
A Responsible Employee is a college employee who:

- Has the authority to redress sexual violence,
• Has the duty to report incidents of sexual harassment, sexual violence, or other student/employee misconduct,
• A student may reasonably believe has this authority or duty.  

NBC’s responsible employees are: members of the President’s Cabinet, academic advisors, the compliance assistant, and the director of financial aid.

Responsible Employees are obligated to report to the Title IX coordinator any instances of sexual misconduct that have been reported to them. Responsible Employees must report all relevant information including: the names of the complainants and respondents, any witnesses, and the date, time, and location of the alleged incident. Any complainant that tells a Responsible Employee about an incident of sexual violence has the right to expect the college to take timely and fitting steps to investigate the report.  

NBC trains their Responsible Employees to ensure that they are aware of their responsibilities and that they are equipped to handle instances of reporting according to NBC protocol.

RESTITUTION  
The college is firmly committed to a policy that encourages timely disclosure of sexual misconduct. Any person, who, in good faith, reports sexual misconduct will be protected from retaliation threats of retaliation, suspension, or discharge from an educational opportunity or employment, or any other forms or means of discrimination because this person reported sexual misconduct.

The Clery Act protects against retaliation by an institution, officer, employee, or agent of an institution for exercising their rights under the Act. Retaliation can include intimidation, threats, coercion, discrimination, or any other form deemed by the Care and Conduct Committee to be retaliation.

SAFE AND POSITIVE OPTIONS FOR Bystanders  
The college expects all members of the school community to take reasonable and prudent actions to prevent or stop an act of sexual misconduct. The Department of Education defines bystander intervention as: “safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking.” (The Handbook for Campus Safety and Security Reporting, 2016 Edition, 2016, p. 8.7) Bystanders can help in several different ways, including direct intervention, seeking assistance from an authority figure, notifying the Title IX coordinator or Director of Security/Chief Information Officer, or calling state or local law enforcement.

10 (United States Department of Education The Assistant Secretary, 2014, p. 15)
11 (White House Task Force to Protect Students from Sexual Assault, 2014)
12 Retaliation is defined as an adverse action taken because an individual has engaged in protected activities.
If a complainant confides in you: It is important to let the complainant tell their story. Listen respectfully, and help them explain and identify what has happened to them. Do not contradict them or play “devil’s advocate” even if parts of the story don’t immediately make sense or even if you would have made other choices when presented with the same scenario or challenges. Help the complainant identify others in their network who they can confide in. Ask the complainant what they need to feel safe, encourage them to seek medical attention and counseling, and encourage them to report the act if they feel comfortable doing so. The first person a complainant talks to can have a significant impact on the person and their ability to report and get through an ordeal. Be a supportive, kind, understanding, and nonjudgmental person and you can be a positive force for this complainant in seeking the help they require to move forward.13

STATEMENT OF PRINCIPLES AND RIGHTS
The college is devoted to providing a safe and secure atmosphere in which all members are treated with dignity and respect. NBC is committed to offering an environment free from all discrimination on the basis of sex. To that end, the college takes the strongest possible stance against sexual misconduct in all its forms, including sexual harassment, sexual assault, sexual violence, domestic violence, dating violence, stalking, cyber stalking, or the use of coercion, intimidation or exploitation of others for sexual purposes. The college is actively engaged in educating its members about these vital issues and providing timely support and assistance to victims of sexual assault.

Should a sexual assault be reported, the college will investigate allegations and take appropriate actions, to the fullest possible extent. It is imperative that complainants be fully supported in their efforts to heal and respond as they determine is in their own best interests. To this end, the college will provide the complainant written explanation of the complainant’s rights and options as well as the resources available to them through both the institution as well as the community. Some of these options and resources may include: issuing a no-contact order, NBC’s procedures for sexual misconduct disciplinary investigations, help with a change of working arrangements or academic schedules or adjustments for assignments or tests. NBC will also provide complainant written notification about other available resources such as: victim advocacy, academic support, counseling, disability, health or mental health services, and legal assistance. As possible, NBC will make accommodations requested by the complainant regardless of whether the complainant chooses to report the crime to school authorities or local law enforcement.

NBC has designated the compliance assistant as the complainant’s support person. The Title IX coordinator will work collaboratively with the complainant’s support person to ensure Title IX compliance.

INVESTIGATORY PROCEDURES

SEXUAL MISCONDUCT DISCIPLINARY PROCEDURES
When the respondent is an NBC student, the complainant may wish to pursue college disciplinary procedures. When an individual believes that a crime has been committed, it is recommended that charges be filed with the local criminal justice system. Disciplinary action may be called for in cases of alleged sexual misconduct specifically for cases of dating violence, domestic violence, sexual harassment, sexual assault, stalking, and cyberstalking. Although there is no time limit on the filing of charges within the college, prompt reporting is likely to result in a more satisfactory investigation because people’s memories are fresh and witnesses are more readily available. Upon written request, Nazarene Bible College will disclose to the complainant of a crime of violence\textsuperscript{14} or a non-forcible sex offense the report of the final outcome of the disciplinary proceeding.

In the case of a sexual misconduct disciplinary process, Nazarene Bible College ensures a prompt, fair, and impartial proceeding from the initial investigation to the final result. Nazarene Bible College’s disciplinary proceedings for cases of alleged sexual misconduct are directed by the Title IX coordinator. Investigations, if necessary, are conducted by the Student Care and Conduct Committee or the Employee Conduct Committee overseen by the chair of that committee. Appeals are handled by NBC’s President’s Cabinet. The members of the Student Care and Conduct Committee, Employee Conduct Committee, and President’s Cabinet receive annual training regarding:

- How to conduct investigations and hearings that protect the safety of complainants and provide accountability
- Relevant information concerning dating violence, domestic violence, sexual harassment, sexual assault, stalking, and cyberstalking

NBC’s standard of evidence for all cases of sexual misconduct is preponderance of the evidence\textsuperscript{15}.

When the institution receives a complaint of sexual misconduct, the type of disciplinary proceeding is determined by the nature of the complaint and the status of the individual(s) involved (i.e. students, employees).

- **Student Disciplinary Complaints:** if the complaint is brought against a student, the complaint will be reviewed based on applicable federal and state regulation and the college’s standards of conduct set forth in the Student Handbook. Investigations, if necessary, are handled by the college’s Student Care and Conduct Committee.
- **Employee Disciplinary Complaints:** if the complaint is brought against an employee, the complaint will be reviewed by the Office of Human Resources in accordance with

\textsuperscript{14} As defined by 18 U.S. Code 16 a crime of violence is an “offense that has an element the use, attempted use, or threatened use of physical force against the person or property of another, or any offense that is a felony and that, by nature. If the alleged victim is deceased

\textsuperscript{15} “…in order for a school’s grievance procedures to be consistent with Title IX standards, the school must use a preponderance of the evidence standard (i.e., it is more likely than not that sexual harassment or violence occurred).” (U.S. Department of Education Office of the Assistant Secretary, 2011)
the procedures set forth in this document. Investigations, if necessary, are handled by the college’s Employee Conduct Committee.

**DISCIPLINARY PROCESS FOR STUDENTS:**

1. NBC receives the complaint:
   - Through the Question, Concern, or Complaint Form available electronically through dCourseWeb or through the director of student success – the academic dean directs the complaint within two business days to the appropriate NBC personnel office (i.e. Office of Student Success, Office of Human Resources) and the Title IX coordinator.
   - Verbally or in writing to a responsible employee who reports the complaint to the Title IX coordinator within three business days.
   - Directly to the Title IX coordinator

2. In relations to Title IX concerns, the appropriate office will meet with the complainant within ten business days of the initial complaint to determine the scope of the issue and to be advised of all options.
   - At this stage in the proceedings, NBC will provide the alleged complainant with a written explanation of rights, options, resources and protective measures.

3. NBC will require the respondent to meet with the same office within five business days of the meeting with the complainant to discuss the issue and the steps of the process.
   - Failure to participate in this meeting will result in progression to the next step.

4. The appropriate office, in conjunction with the Title IX coordinator, will determine and notify all parties simultaneously in writing within five business days after both of the initial meetings have been conducted (complainant and respondent) if the Student Care and Conduct Committee will investigate further.

5. Should the evaluation of the Title IX coordinator conclude that no further investigation is required, the situation will be documented and paperwork will be filed with the compliance office. The parties will be informed simultaneously in writing of this conclusion within five business days after both of the initial meetings have been conducted.

6. Should the evaluation of the Title IX coordinator conclude that further investigation is necessary, the Student Care and Conduct Committee will conduct the investigation through appropriate meetings with the complainant and the respondent. This portion of the investigation will be completed within fifteen business days to ensure that the entire investigation from beginning to end lasts no longer than sixty days.

PREVENTING CRIMES THROUGH NBC PROGRAMS
Nazarene Bible College has created the Risk Management Committee in an effort to develop and implement programming. The Risk Management Committee meets on a by-need basis coordinated primarily by the Committee Chair. The programming developed and implemented through the Committee aims to:
- Prevent dating violence, domestic violence, sexual assault, and stalking crimes and to provide awareness to both students and employees
- Educate students and employees about drug and alcohol abuse
- Inform students and employees about NBC security procedures and the prevention of crime

The Risk Management Committee’s programming takes three different forms: Awareness Programs, Bystander Intervention, and Risk Reduction. Each of these forms of programming are implemented through the distribution of informative emails, online articles, copies of NBC policies, or digital presentations.

The Risk Management Committee’s proposed programming activities for the 2019-2020 school year include:
- January 2019: NBC Online Safety Awareness
  o Awareness Programming
  o Risk Reduction Programming
- April 2019: National Sexual Assault Awareness Month
  o Awareness Programming
  o Bystander Intervention Programming
- June 2019: NBC’s Substance Abuse Prevention Awareness Month
  o Awareness Programming
  o Nazarene Bible College Policy Programming

In addition to this programming, Nazarene Bible College offers training for both staff and students covering legislation and recommendations regarding Title IX, The Clery Act, and VAWA. These trainings are described as:

STUDENT TRAINING
NBC has online training on the student portal available to new and existing students.

EMPLOYEE TRAINING:
NBC requires that all employees undergo an online training through SafeColleges. This is a mandatory training for employees and is repeated once per year. Training also occurs during staff in-service including digital presentations.

Incoming students and employees are introduced to the trainings listed above as well as to the crime prevention, awareness, and risk reduction programs that occur during their time at NBC.

APPENDIX III

Amnesty Program
NBC is dedicated to providing guidance and support for students who may wrestle with meeting the expectations of the NBC Code of Conduct and encourages students and employees to seek appropriate support when faced with challenges to conduct expectations. Some areas community members may wrestle with include: drugs, alcohol and/or inappropriate sexual behavior.

The amnesty program provides an opportunity for students or employees who are open to receiving assistance, resources and support while omitting the disciplinary process. In order to take advantage of the amnesty program, the individual must request help from appropriate office (Student Success or Human Resources) and agree to comply with the conditions set forth by that office. Additionally, the individual must offer consistent assurances through behavior and accountable that they are seeking help. This request must precede any report of a policy violation involving the individual.

Medical amnesty is offered under the Good Samaritan’s Program and is available in the event an individual’s health or safety is in jeopardy. In the case of an alcohol or drug related emergency, all members of the campus are urged to promptly seek emergency medical assistance by calling 911. This request for medical amnesty must precede any report of a policy violation involving the individual. Please see the following section GOOD SAMARITAN PROGRAM for more information.

Please contact the Student Success Office at 719-884-5061 or Human Resources at 719-884-5021 for more information.

*Please note that the college can only offer amnesty for their disciplinary proceedings and is unable to intervene in legal proceedings.

Good Samaritan Program
The college’s Good Samaritan Program supports members of the campus community who reach out for assistance in the case of a medical emergency. An individual covered under the Good Samaritan Program will not be subject to disciplinary sanctions related to the violation of using or possessing alcohol or other drugs, as defined in NBC Code of Conduct. This program applies to any student or employee who seeks, or receives, medical help during an emergency for themselves or someone else. This program applies to emergencies both on and off campus.

Purpose:
At the college, the health and safety of every student and employee is of primary importance. All members of the campus community are strongly encouraged to be empowered bystanders who respond in a potentially dangerous situation without fear of reprisal from the college. The college’s Good Samaritan Program supports students and employees who act responsibly by reaching out for assistance in the case of a medical emergency.
Application of the Program:
An individual is eligible to use the Good Samaritan Program on more than one occasion and are always strongly encouraged to report a medical emergency. The positive impact of reporting a medical emergency will always hold the highest priority when determining the appropriate response for college conduct violations. Repeated use of the amnesty provided by the Policy is cause for a higher level of concern for the well-being of the student and amnesty in these cases will be individually reviewed by the Title IX coordinator.

Parental Notification – under aged students only:
Parents are vital partners in the educational process. The college will contact parents of students under 21 years of age in instances in which there is evidence of risk to health, welfare or safety. In addition, the college may record names of those students involved to enable the college to follow up with the students as deemed necessary to ensure a student’s well-being.

Mandatory Intervention Program:
Any individual who utilizes the Good Samaritan Program may be referred by the Director of Student Success or Director of Human Resources to a mandatory intervention program, such as formal counseling. This decision will be made on a case-by-case basis by the Title IX coordinator.

violation to the person who submitted the report. All reports will be promptly investigated and
appropriate corrective action will be taken if warranted by the investigation. In the case of Title IX
complaints, the Title IX coordinator will handle those complaints according to NBC’s Sexual Misconduct

Confidentiality
Violations or suspected violations may be submitted on a confidential basis by the complainant. Reports
of violations or suspected violations will be kept confidential to the extent possible, consistent with the
need to conduct an adequate investigation.

Acting in Good Faith
Anyone filing a written complaint concerning a violation or suspected violation must be acting in good
faith and have reasonable grounds for believing the information disclosed indicates a violation. Any
allegations that prove not to be substantiated and which prove to have been made maliciously or
knowingly to be false will be viewed as a serious disciplinary offense.
